Subject: RE: US EPA / SWRCB Quarterly meeting

FYI: please feel free to share this with others or refer them to me for more information.

The CA Safe Drinking Water Data Challenge awards ceremony is October 18, 2018, in Los Angeles.

The event website: <http://waterchallenge.data.ca.gov/>

The early registration for the October 18 awards ceremony Eventbrite and passcode is here:
<https://water18summit.eventbrite.com> / **Password:** #CAWaterDataChallenge

Here is an example of a submission (one we already received): <https://richpauloo.github.io/flexdash.html>

The Judge "ask" details are here:

The Safe Drinking Water Data Challenge is designed to explore data's potential to help us better understand community access to safe drinking water, anticipate vulnerabilities, and identify and deploy solutions. Over the last few months hundreds of people have engaged in tackling this challenge by trying to address a set of [challenge questions](#) and developing new insights.

This series of events and community-led activities have included engagements such as National Day of Civic Hacking, online tutorials, fireside chats, and hackathons. They all culminate in a summit and awards ceremony recognizing teams and partners that have worked hard throughout the summer to ensure every Californian has access to safe drinking water.

Submissions are due by October 1st and the Summit and Award Ceremony will be October 18th in Los Angeles.

General awards include:

1. Rising Innovator Award
2. Ready-to-Go Award (Feasibility of implementation)
3. Moonshot Award
4. Most Engaging By Design
5. Most Data-licious
6. Team Spirit and Collaboration
7. People's Choice (voted by attendees)

Each of the General Awards above will include a \$1,500 cash prize thanks to Cal Water in addition to \$1,500 for a special award from ImagineH2O. That's a total of \$12,000 in prizes for the California Safe Drinking Water Data Challenge teams!

Are you available Oct 3rd through 8th to help us look through the solutions and rank the top winners of the _____ award(s)?
